

ANIMATOR / DESIGNER / MOTION ARTIST

Company Man Studios is seeking a highly motivated, resourceful *Animator/Designer/Motion Artist* to work full-time in our high energy, collaborative creative environment. The ideal candidate has at least 4 years animation and design experience with a production company, in-house marketing team, or ad agency, and is excited to help build our animation department. We're all about the passion and hustle it takes to create great work for great clients, and so is the person we're searching for.

Responsibilities

- o Edit commercials and web videos; perform color correction; sound mixing; create motion effects using Adobe After Effects
- o Contribute to creative solutions, design, and execution of motion graphics
- o Create storyboards, mood frames, and other materials to convey ideas
- o Handle multiple projects from beginning to end, creating inspiring solutions with tight, changing deadlines

Skills & Requirements

- o Proficient in editing/graphics with Adobe After Effects and Adobe Premiere
- o Extensive knowledge of media management, compression/conversion, video formats, deliverables for web and broadcast
- o Capable of delivering all video and audio elements to technical requirements
- o Command of HD formats and digital spot delivery methods
- o Ability to meet deadlines and provide Account Executives with an accurate sense of timing throughout the animation process
- o Knowledge of compositing
- o Professional manner that responds positively to constructive feedback
- o Excellent listening, written, and verbal communication skills
- o Extremely organized self-starter who can work under tight deadlines in a very fast-paced environment

Salary commensurate with experience.

Please submit your resume, along with your demo reel, including your role on each project to careers@companymanstudios.com. No phone calls please.
